# St. Anne's C.E. Primary School

Dear Parent/ Carer,

Year 6 has been involved in an exciting new venture with Virgin Money. The class was visited on several occasions by a representative from the company to provide them with basic Business Studies skills. The company then lends a fiver to each child in the class to launch their own business.

Following this, Year 6 worked with Mrs Sixsmith and, after much consideration, decided to opt for selling greetings cards, with any profit made going to charity. Trading as '**Cards4U**', the children are launching their business with a range of **Christmas cards** printed on recycled card, complete with their own envelope. Samples are available in the school office, should you wish to view them in advance.

In addition to the Christmas cards pictured on the reverse of this letter, the children have also made a range of hand-made Christmas cards under the guidance of Mrs. Shea. These are available to purchase directly from the school office. Year 6 would like to thank both Mrs. Shea and Hope Simpson, for her assistance with the photography.

The children would be extremely grateful if you could support them in their business venture by completing the order form on the reverse of this letter and returning it to school by **Monday 11<sup>th</sup> December**. The class aims to deliver your cards the day following receipt of the order.

New seasonal ranges from **Cards4U** will be available in the spring term, so watch this space!

Thanking you in advance for your support,

Mrs. Sixsmith and Year 6
