This week in Year 6

Year 6 are currently focusing on Maths and English in preparation for our SATS which take place in May. The children are working hard in lessons and also making good use of their accounts on Maths.co.uk and Spag.com

In PE we have had some fun learning skills in basketball and tennis.

The children have produced some exceptional work in Religious Education while looking at our Easter topic. We have looked at what Easter means to Christians today

This week in Year 1

Over the past few weeks, Year 1 have been busy with lots of exciting learning. In Science, we have loved exploring animals—sorting them into different groups, comparing their features, and spotting similarities and differences.

In R.E., we have been learning about Good Friday and thinking about why it is both a happy and sad day for Christians. The children shared their ideas through some beautiful and thoughtful drawings.

In D.T., we have been investigating structures, focusing on what makes them strong and stable. We explored whether a wide or narrow base works best and enjoyed testing out our ideas through hands-on activities.

Our new P.E. topic is orienteering, where the children have been working brilliantly as a team. They have had lots of fun creating silly faces and using their bodies to make different shapes and animals—showing fantastic teamwork along the way! We also enjoyed celebrating Eid earlier this week with a special breakfast in the classroom. The children were very respectful and really enjoyed learning about different cultures and traditions.

Well done, Year 1—keep up the wonderful work!
